How it works

1. **Scan the QR code** for an instant delivered price by ZIP.
2. **Choose Affirm at checkout** — pick 12, 24, or 36 months and see your exact monthly amount up front.
3. **30-second soft check** — seeing your options doesn't affect your credit score.

The fine print, plainly

*Sample monthly payments ("Ex") are estimates based on the container price shown, for the term and APR range listed. Delivery is quoted by ZIP and added at checkout, which raises the monthly amount. Actual APR ranges 0–36% based on credit; subject to eligibility check and approval. Checking your eligibility won't affect your credit score. Loans made by Affirm's lending partners.
